ICDT as a Sponsor
LILLE 2027

The EDBT/ICDT Joint Conference is a major academic event in the field of databases and data management, combining two of the most prolific and respected conferences in the field.

The 2027 edition will be held on April 6th-9th 2027 at the Grand Palais conference center in Lille, the lively French city blending Flemish charm, a thriving academic scene, and unmatched European connectivity.

The joint conference provides a platform for researchers and practitioners to present and discuss the recent advancements and challenges in both practical and fundamental aspects of database systems, marking it as an essential gathering for those involved in database research and development.

EDBT 30th edition

The EDBT series of conferences is an established and prestigious forum for the exchange of the latest research results in data management. Held in an attractive European location, the conference provides unique opportunities for database researchers, practitioners, developers, and users to explore new ideas, techniques, and tools, and to exchange experiences.

ICDT 30th edition

ICDT is an established and prestigious series of international conferences on research in the foundations and theory of data management. Since 2009, ICDT is held annually and jointly with EDBT, following the successful SIGMOD/PODS model.

Keynote speakers

Liat Peterfreund is an Assistant Professor at the School of Computer Science and Engineering at the Hebrew University of Jerusalem. Her research focuses on the foundations of data management, with an emphasis on query languages, their formal semantics, expressive power, and complexity. She is actively involved in the development and standardization of graph query languages, including GQL and SQL/PGQ, and works on bridging theoretical foundations with practical systems. Her work has been recognized by several awards, including a SIGMOD Research Highlights Award and the L'Oréal-UNESCO For Women in Science Award.

Divesh Srivastava is the Head of Database Research at AT&T. He earned his B.Tech. degree in Computer Science and Engineering from IIT Bombay in 1987 and his Ph.D. in Computer Science from the University of Wisconsin, Madison, USA, in 1993. Srivastava has 25+ years of experience conducting and leading industrial research on data management that has been deployed at scale. His professional contributions include serving as Vice-President (2018-21) and as President (2022-current) of the Very Large Data Bases (VLDB) Endowment; as a member of the Computing Research Association (CRA) Board of Directors (2019-25), and co-chair of the ACM Publications Board (2021-25).

Keynote speakers

Guy Van den Broeck directs the Statistical and Relational Artificial Intelligence (StarAI) lab at UCLA. His research bridges machine learning and knowledge representation, spanning tractable deep generative models, probabilistic circuits, statistical relational learning, probabilistic programming, and probabilistic databases. His work has been recognized with the IJCAI Computers and Thought Award, an NSF CAREER Award, a Sloan Research Fellowship, and the Intel Outstanding Researcher Award, along with best-paper honors at venues including AAAI, OOPSLA, UAI, and KR. He is a frequent invited and keynote speaker on the theme of symbolic reasoning in the age of LLMs.

Ihab Ilyas is currently a Professor Emeritus of computer science at the University of Waterloo and a co-founder and CEO of hiddenweights, a startup for building efficient custom AI. He was the leader of the Knowledge Platform team at Apple Inc, a holder of the Thomson Reuters-NSERC Industrial Research Chair in Data Cleaning at the University of Waterloo and a co-founder of Tamr, a start-up focusing on large-scale data integration and cleaning. Ilyas also co-founded and was the CEO of Inductiv, an artificial intelligence start-up that uses machine learning to automate the task of identifying and correcting errors in data. Inductiv was acquired by Apple Inc. in May 2020.

Benefits of begin a sponsor of EDBT/ICDT

As a business with expertise and experience with themes related to data management, we have the pleasure to formally invite you to explore the available sponsorship opportunities at EDBT/ICDT 2027.

Each year, EDBT/ICDT attracts over 300 researchers and practitioners from academia and industry from Europe and across the world. The audience includes leading data scientists and professors, entrepreneurs, developers, talented young researchers and students. The scientific program will include research, industry & applications tracks, tutorials and workshops. The aim is to build a program capable of empowering the audience and motivating all the participants to exchange views, present ideas and discuss practical and theoretical issues in an interactive atmosphere.

The 30th EDBT/ICDT will provide your company with an excellent business opportunity, and allow you to create new contacts and initiate new collaborations. As a sponsor, you can showcase your organization's work and recruit candidates in the general area of data management, big data, data mining, knowledge discovery and information system engineering. You will have the ability to get involved and influence the conference events and the community as a whole.

We are looking forward to hearing from you.

Yours sincerely,

Alexandra Rogova (Free University of Bozen-Bolzano)

Sponsorship Chair

Platinum sponsorship

10 000€

Announcement of the company's contribution at opening ceremonies

Acknowledgement as a Platinum supporter at the conference banquet

2 company handouts at registration

Large space in the Exhibition Area

Large company logo on the website

Large company logo on all large banners at the conference venue, at the reception and the banquet

Promotion through the EDBT/ICDT dissemination activities

3 free registrations + 20% off for additional 3 registrations

Participation in the career event including access to CVs of willing student participants before the start of the conference

Assistance from EDBT/ICDT in establishing connections with selected speakers for invitations to give a private talk

Optional support (for additional fee) of an event (reception, banquet)

Sponsor talk (advertised with title of the talk, presenter information, etc.) in the main program

Gold sponsorship

6 000€

Announcement of the company's contribution at the opening ceremonies

Acknowledgement as a Gold supporter at the conference banquet

2 company handouts at registration

Medium space in the Exhibition Area

Large company logo on the website

Large company logo on all large banners at the conference venue, at the reception and the banquet

Promotion through the EDBT/ICDT dissemination activities

2 free registrations

Participation in the career event including access to CVs of willing student participants before the start of the conference

Assistance from EDBT/ICDT in establishing connections with selected speakers for invitations to give a private talk

Optional support (for additional fee) of an event (reception, banquet)

Silver sponsorship

3 000€

Announcement of the company's contribution at the opening ceremonies

Acknowledgement as a Silver supporter at the conference banquet

1 company handout at registration

Small space in the Exhibition Area

Small company logo on the website

Small company logo on all large banners at the conference venue, at the reception and the banquet

Promotion through the EDBT/ICDT dissemination activities

1 free registration

Optional participation in the career event including access to CVs of willing student participants before the start of the conference (extra 500€)

Assistance from EDBT/ICDT in establishing connections with selected speakers for invitations to give a private talk

Bronze sponsorship

1 500€

Announcement of the company's contribution at the opening ceremonies

Acknowledgement as a Bronze supporter at the conference banquet

1 company handout at registration

Optional space in the Exhibition Area (1000€)

Small Company logo on the website

Invitation to attend all keynote talks and morning coffee breaks

Optional participation in the career event including access to CVs of willing student participants before the start of the conference (extra 500€)

Additional sponsorship opportunities

Best Paper and Test of Time paper awards: 1000€/Award.

This includes a special mention in the award ceremony, as well as including the sponsor name/logo in the award diploma.

Student Diversity and Inclusion Grant: 450€/Student.

This includes a logo display in the grant award, a special mention in the conference and in the webpage as DEI sponsors.

Premium Coffee Breaks for the Main Conference: 2.500€/Break.

This includes a special mention before and after the break as well as additional advertising material/stand in the coffee break site.

Conference Dinner: 20.000€.

This includes the dinner being named after the sponsor, a special mention during the dinner speech as well as additional advertising material/stand in the conference dinner site.

See you in Lille!
